Climate Controlled Storage Space

Heated • Cooled • Dehumidified • Insulated

Climate Controlled storage provides convenient, clean, and comfortable space that protects your furniture, artwork, paintings, electronics, musical instruments, and antiques.

These temperature controlled spaces do not provide constant internal temperature and humidity. The goal is to keep the temperature below 85° and above 55° with internal relative humidity at 55% or less.

Acorn Storage Center offers a wide variety of Unit sizes...
So you will never have to pay for more space than you need.
